

We point out the minimum requirement
of the foundation in our plans.
The condition of the local realities
for example: the ground under the
foundation) does not lie in our
responsibility. The execution of
the installation situation must be
individually specified by the planning
architect or by the engineer engaged in
static calculations in the special case.

Wir weisen in unseren Plänen
auf die Mindestanforderung
des Fundamentes hin, jedoch
der Zustand der örtlichen
Gegebenheiten
(z.B. Untergrund, Ausführung etc.)
obliegt nicht unserer Verantwortung.
Die Ausbildung der Einbausituation
muss vom planenden Architekten
bzw. Statiker im speziellen Fall
individuell spezifiziert werden.
